

Our Brexit Proof Solution

IPL/MGB Plastics have designed a solution to protect your supply chain from the impact of Brexit.

We are in a unique position as the only wheeled bin manufacturer to have their primary manufacturing site in the UK.

Mitigating Impacts on Production

Mitigating Impacts on Delivery

No Import Duties or Tariffs

High Availability of Raw Materials and Parts

Mitigating Impacts on Production

We are delighted to confirm that we manufacture all your wheeled bins in Rotherham which boasts an extensive suite of wheeled bin injection moulding equipment; giving us unrivalled UK production capacity.

Mitigating Impacts on Delivery

IPL/MGB Plastics are delighted to confirm that our wheeled bins will only travel UK road miles. With our central UK facility boasting excellent transport links, we are able to provide flexible delivery plans.

No Import Duties or Tariffs

Our solution is based upon our 100% British heritage, production and delivery so neither import duties nor tariffs will be a cause of concern across any upcoming requirements.

High Availability of Raw Materials and Parts

You can be assured that we have healthy stocks of raw material with more arriving daily from multiple British suppliers; eliminating any further risk.

Our commitment to you?

No administrative issues, no seeking clarity, no delays; we will always be 100% committed to the UK market.
